

CAP AND TRADE WILL COST CONNECTICUT MORE JOBS WE CAN'T AFFORD TO LOSE.

CAP AND TRADE LEGISLATION IS MAKING ITS WAY THROUGH CONGRESS ...

A plan that would limit greenhouse gas emissions by imposing a massive new energy tax on every American and small business – including small businesses in Connecticut that create 70% of our economy's jobs.

CAP AND TRADE IS PRESIDENT OBAMA'S AND THE LIBERAL DEMOCRATS' "GREEN" ENERGY SCHEME ...

It passes higher costs onto consumers, raises electricity prices, threatens to raise the price of gas, and kills much-needed jobs.

CONGRESSMAN ROB SIMMONS CO-SPONSORED CAP AND TRADE ...

Simmons co-sponsored liberal Congressman Henry Waxman's cap and trade legislation that even Democrats admit will put people out of work and cost the average American family more than \$1,700 a year. ¹

AND NOW AS A CANDIDATE, SIMMONS CLAIMS HE'S AGAINST CAP AND TRADE ...

A plan that he himself says "would cause more harm than good." ²

WE CAN ONLY JUDGE POLITICIANS BASED ON WHAT THEY DO ONCE ELECTED,
NOT WHAT THEY SAY TO GET ELECTED.

CONGRESSMAN
ROB SIMMONS.

WRONG ON CAP AND TRADE. WRONG FOR CONNECTICUT.
